MEMORANDUM FOR: Deputy Director (Intelligence)

SUBJECT: Proposed Extension of a Current External Research Project

1. There is attached hereto a proposal for the extension of Project OSI-18-52 to include supporting research for veterinary medical intelligence.

2. This extension will provide basic reference material for veterinary medical intelligence from open literature sources which is essential for the proper evaluation of current intelligence information in this field.

3. Funds are necessary for this project for the balance of FY-52 and for FY-53. No provision has heretofore been made in budget estimates for this extension. *Yes*

4. Recommend you approve this project or concur for Project Review Committee consideration.
